

## Denver Syrup Margarita System

**Dispense margaritas with 1-button bar gun or single faucet, or from beer faucet**

- **Denver Syrup can provide a bulk margarita system**

### System includes:

- Food-grade drums in the size of your choice, from 12 to 55 gallons.
- Back-up tanks – have one tank mixed and ready
- Quick change disconnects
- Submersible agitator motor - keeps the margarita batch well mixed at all times
- Bag-in-Box pump operated
- Can be dispensed from beer faucet in glycol beer system
- Dispense at bar with either single faucet or one button bar gun
- Can be used with frozen margarita dispensers

**Quick-connect disconnects**
